✦ WELCOME

Hello, and *welcome*

Thank you for joining the BOTarot family. This little guide is my gift to you.

Tarot is not about fixed fortunes. It is a mirror. The cards help you slow down, notice what you already feel, and see your situation from a new angle.

Keep this guide next to your deck, or open it whenever you draw a card on botarot.com/free-tarot. Read the meaning, then ask yourself: *where do I see this in my life right now?*

And when your heart is asking something deeper, I am here to read the whole story for you.

What am I building for my future self?

✦ TRY IT TODAY

Three easy *spreads*

Shuffle while you think of your question, then lay the cards from left to right. No deck at home? Draw them free on botarot.com/free-tarot.

1 CARD

Card of the Day

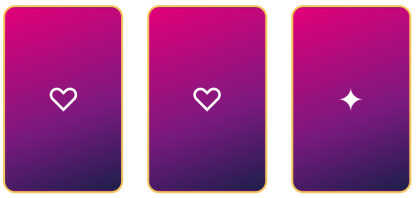

Draw one card each morning and ask: *what do I need to know today?* In the evening, notice where the card showed up in your day.

3 CARDS

Past · Present · Future

1. **Past**: what brought you here
2. **Present**: the energy around you now
3. **Future**: where things are heading if nothing changes

3 CARDS

The Love Spread

1. **You**: how you feel and what you bring
2. **Them**: their energy towards you
3. **Your connection**: what the relationship needs

Tip: read the cards together, like a story. What does the Past card explain about the Present? What would help the Future card turn out the way you want?

✦ THE SECRET TO A CLEAR READING

Ask a *better question*

The cards answer best when your question is open, focused on you, and about something you can act on.

~~Will he come back?~~
✦ What do I need to know about my connection with him?

~~Will I get the job?~~
✦ What can I do to give myself the best chance at this job?

~~Is she lying to me?~~
✦ What do I need to see clearly in this friendship?

~~When will I meet someone?~~
✦ What is blocking me from opening my heart to love?

~~Should I move abroad?~~
✦ What would help me choose between staying and moving?

~~Will I be rich?~~
✦ What is my next step towards financial security?

THREE GOLDEN RULES

1. **One question at a time.** Mixing questions mixes the answer.
2. **Make it about you.** You can only change your own path.
3. **Be ready to hear it.** Ask when you are calm, not in a panic.
